JEFF PEDERSEN

WEB / SOFTWARE DEVELOPER

https://www.linkedin.com/in/jeff-pedersen-626b4a23a/
https://github.com/J-Pedersen

SUMMARY

I am a creative and self-motivated software and web developer.

What I lack in experience, I will make up for in determination because I expect nothing less than excellence from myself, which during my coursework has resulted in organized, well-written code and innovative solutions to problems.

Staying up to date with the latest technologies and best practices is something any developer should be doing.

I am continually learning new things, improving and refining how I work and write code.

I work very well with others in team environments.

However, I can also work well alone when the situation requires it.

I communicate well, and I enjoy helping others.
